

movewithus support local swimming club

Property specialists movewithus are the latest sponsors of St. Ives Swimming Club, providing the team with new swim caps ahead of the Club Championships held in early December.

movewithus, also based in St. Ives, have strong links to the club with two of the current employees, Caroline Watson and Sandra Brice heavily involved with the club. They were joined by Caroline Hart and Caroline Woodall at the Club Championships to present the swim caps to the members of the club, who proudly sported their new headgear during the races that evening.

Caroline Hart, movewithus director, commented: "We are delighted to be sponsoring SISC this year as we believe it is important to invest in the local people and organisations that make this community such a vibrant and exciting place to live and work."

Notes to Editors:

About movewithus:

movewithus work with the UK's leading home builders and financial institutions to provide proactive, alternative solutions aimed at attaining maximum value for their client's properties.

They work with independent, accredited estate agents across the country, providing property instructions and a host of moving services to help them earn revenues and provide their customers with a smooth, efficient move.

Each element is incorporated into an integrated approach, focused on bringing together the right people, properties and professionals to deliver what they believe is an unrivalled service.

movewithus was founded in 1997 and has approximately 200 employees. The office headquarters is based in St Ives, Cambridgeshire.
